Ladies!

Welcome to BCHEA High School Prom 2019! We are so excited to have you join us and can't wait to see your beautiful faces! This will be a great time to make memories with new and old friends!

The planning committee is comprised of moms from BCHEA along with a few students who are attending prom. We all have labored over the best way to set modest dress code requirements that will accommodate a wide variety of dress styles, body types, and height differences.

This was a challenge, to be sure!

Our number one priority is to be Christ-honoring.

We believe you can **accentuate your positives** and **still be modest** *without causing distraction*.

No standard is perfect for everyone, but this *is* the required standard set forth by this committee.

Need clarification? Please DO call or text! We committee moms are also going through the same process of finding dresses that match these standards. We would love to share what we've found!

- **Dresses must be formal.**
- **No strapless dresses. Feel free to add straps.**
We've done this and the dress was beautiful while very functional for energetic swing dancing!
- **Necklines must not plunge below the width of your palm (with thumb placed in the hollow point at the bottom of your neck along clavicle line, neckline must not fall below your pinky while fingers are all together). **There will be energetic music/ dancing, test this at home to be sure that your dress does not malfunction! ☐ ☒* You can always add fabric where it is needed to meet this guideline.**

| ZERO TOLERANCE | ...zero cleavage showing!

- **Cocktail-length dress hems must not rise above: make an L with thumb and index finger and place at the top of knee when seated—hems should be long enough to hit the thumb while still seated.**
- **Dresses SLITS: make an L with thumb and index finger and place at the top of knee when seated—top of slit should be long enough to hit the thumb while still seated. Stitch it closed until it does. Fixed! Yes, that means slits must be no higher than the hem of a cocktail-length dress.**
- **Open backs (*not sides*) are acceptable IF no undergarments are ever - at any time, under any stress of dancing - exposed! Please use fashion tape or safety pins if needed. Move around to test your dress.**
- **NO cut-outs in the front torso area - neither bare nor sheer.**

Dresses not meeting these requirements will not be permitted to attend BCHEA Prom.
